

WINTER SERIES 2019-2020

Age Categories: Even though some events within the series will take place in 2020, juniors will be categorised based upon their age as of 31st December 2019.

Point allocation: Finish place by gender and age category will determine the number of points. 1st place = 50 points, 2nd = 49 points, 3rd = 48 points and so on. 40th place and all subsequent places will receive 11 points. DNF will receive 10 points. If multiple athletes finish in joint positions, they will all receive the same number of points. The next finish place will receive the number of points determined by the finish position. See example to the right;

Series Qualification Requirements: The goal is to accumulate as many points as possible. Qualification for the series requires an athlete to complete a minimum of 6 individual-discipline events and must include 2x swim, 2x bike and 2x run. Additionally, the points from any other 2 events will also count towards the series but are not a requirement to qualify. The highest scoring qualifying events will be used to calculate an athletes series points. Multi-discipline events do not count towards individual-discipline event requirements.
